In case of partial fee payments or payments made in currencies other than in US Dollars:

1. Membership will not be activated until full payment has been received in US Dollars or its full equivalent.
2. Registered members will be notified by email of any outstanding fee and will have one month to make full payment.
3. If full payment has not been received by a stipulated deadline, membership processing will be suspended.

In the case of surplus payments for membership:

4. The surplus will be applied to future membership with the membership expiration date appropriately extended.
5. If a member requires VAMEPA to return surplus, VAMEPA will process the payment and mail a cheque to the address in the member profile. Requests for the return of surplus payments must be received within one month of the original payment otherwise they will be difficult to process in a decent time.
